ABOUT US

We are delighted to welcome you to the **International Conference on Toxicology and Pharmacology**, a premier global forum that brings together leading minds from across the scientific and healthcare spectrum. This distinguished event unites **toxicologists, pharmacologists, biomedical scientists, clinicians, environmental researchers, regulatory experts and policy advocates** in a vibrant exchange of knowledge, innovation and collaboration.

Taking place in the beautiful city of **Amsterdam, Netherlands**, this congress serves as a platform to explore **cutting-edge advancements** in the fields of toxicology and pharmacology, with a special emphasis on **precision medicine, safety evaluation and the future of public health**. The event will highlight the latest **scien-**

tific breakthroughs, novel technologies and emerging strategies that are shaping the future of drug discovery, therapeutic interventions, and environmental safety.

This gathering provides more than just academic exchange, it is a hub for **interdisciplinary collaboration**. Attendees will gain access to **world-class keynote sessions, interactive panel discussions, technical workshops and poster presentations**, all designed to deliver practical insights and actionable knowledge. Topics will span **molecular pharmacology, clinical toxicology, regulatory science, drug delivery systems, nanomedicine, biomarkers, environmental toxicology and health risk assessment**.

Beyond its scientific value, the conference is set against the cultural richness of **Amsterdam**, a city renowned for its history, art and innovation. Attendees will experience not only **intellectual enrichment** but also a chance to engage with the **Cultural and Social Dimensions** that make international gatherings so impactful.

Join us in **Amsterdam** for this exceptional scientific and cultural experience, where **innovation meets discovery** and where together we can help shape the future of **toxicology, pharmacology and global health**.

WHY TO ATTEND?

1. Meet worldwide Experts
2. Networking Opportunities
3. Greater Focus
4. Be up to date
5. Globalize your institution
6. Discover the altest technologies
7. Let your voice Up
8. Learn skills and stay up-to-date
9. Position yourself as an expert
10. New Tips & Tactics
11. Learn beyond your field or interest
12. Grow Your Network
13. Advance Your Career with new technologies

CONFERENCE TOPICS

- Advances in Toxicology & Pharmacology
- AI, Big Data & Digital Health in Pharma
- Aquatic Toxicology & Environmental Health
- Bioavailability & Bioequivalence Studies
- Biochemical & Cellular Mechanisms of Toxicity
- Biologics, Biosimilars & Biotherapeutics
- Cancer Pharmacology & Toxicology
- Cardiovascular & Hepatotoxic Effects
- Case Studies in Toxicology & Pharmacology
- Clinical Pharmacology & Therapeutics
- Clinical Trials, Pharmacoepidemiology & Statistics
- Developmental & Reproductive Toxicology
- Drug Discovery, Development & Evaluation
- Drug Interactions, Polypharmacy & Safety Testing
- Drug Safety, Pharmacovigilance & Adverse Drug Reactions
- Education, Training & Capacity Building in Toxicology
- Endocrine & Metabolic Pharmacology
- Environmental & Ecotoxicology
- Ethical, Legal & Policy Issues in Toxicology
- Experimental & Preclinical Toxicology
- Food, Nutritional & Chemical Toxicology
- Forensic & Analytical Toxicology
- Future Trends in Pharmacology & Therapeutics
- Global Perspectives on Toxicology & Pharmacology
- Immunopharmacology & Immunotoxicology
- In Vitro & In Vivo Toxicology Models
- Inhalation & Ocular Pharmacology
- Innovations in Molecular Pharmacology
- Investigational Therapeutics & COVID-19 Research
- Microbial Toxicology & Toxins
- Nanomedicine & Nanotoxicology
- Neuropharmacology & Neurotoxicology
- Novel Drug Delivery Systems & Smart Therapeutics
- Occupational & Industrial Toxicology
- Oxidative Stress, Redox Biology & Toxicity
- Packaging, Labeling & Drug Policy Regulations
- Pediatric & Developmental Toxicology
- Pediatric & Geriatric Pharmacology
- Pharmaceutical Product Development & Quality Assurance
- Pharmacogenomics & Personalized Medicine
- Pharmacokinetics & Pharmacodynamics
- Plant Toxicology & Natural Products

Abstract submission: <https://toxicology.inovineconferences.com/submit-abstract.php>

TARGET AUDIENCE

- Toxicologists and Pharmacologists
- Biomedical and Pharmaceutical Scientists
- Professors, Researchers and Postdoctoral Scholars
- Graduate and Doctoral Students
- Physicians and Clinicians (Internal Medicine, Oncology, Neurology, etc.)
- Clinical Toxicologists and Pharmacologists
- Healthcare Professionals and Nurses
- Public Health Experts
- Drug Discovery and Development Scientists
- Regulatory Affairs Professionals
- Clinical Trial Managers and Coordinators
- Biotechnology Innovators and Start-ups
- Safety and Risk Assessment Specialists
- Representatives from FDA, EMA, WHO and other regulatory agencies
- Policy Makers in Health and Environment
- Environmental Protection Specialists
- Risk Assessment and Safety Regulation Authorities
- Environmental Toxicologists
- Occupational Safety Experts
- Industrial Hygienists
- Ecotoxicologists
- Young Researchers in Pharmacology & Toxicology
- PhD Scholars & Medical Students
- Trainees and Residents in Clinical Toxicology
- Journal Editors & Publishers
- Investors in Life Sciences & Healthcare Innovation
- NGOs & Advocacy Groups working on drug safety and environmental health

7 BEST PERKS OFFERING @ TOXICOLOGY & PHARMACOLOGY 2026

1. Broadcast your presentation Live over the web! Join us with your Colleagues
2. Global Exposure to your Research
3. Networking with Experts in the Field
4. Best Poster Competition and Young Researcher Competition
5. Opportunity to participate as a Student Delegates
6. Publish your research in International Journal
7. The Career Guidance Workshops to the Graduates, Doctorates and Post-Doctoral Fellows

TESTIMONIALS FROM PAST SPEAKERS

“

"This is my first participation online, and it was a great, inspired experience and motivated. The organizers did an excellent job and the speakers were very open to share their knowledge and expertise, the topics reflecting the challenges that healthcare professionals faced in these difficult times.

Thank you for this great conference".

Dr. Hiriscau Elisabeta Ioana
University of Medicine and Pharmacy "Iuliu Hatieganu" Cluj-Napoca, Romania

“

"It was wonderful and the team was more helpful appreciate your efforts many thanks for all. Thank you so much for allowing me to be a part of such a wonderful event! Being able to share current information across the globe was an incredibly valuable experience. I look forward to participating and attending more of your conferences in the future!"

Prof/Dr Zeinab M. Aysha
University of Buraim, Oman

“

"It was my pleasure also to be part of this conference, and I appreciated all the offers I had through these days, and I am happy I could be assisting as moderator in addition to my presentation."

Ms. Edi Kachal
University of Szeged, Hungary

“

"Thank u for the opportunity for me to present my paper at your conference and meet such wonderful people from around da world"

Dr. Laxmi Devi,
Social Services Department
Govt. Of Sharjah, UAE

“

"This conference brought together important researchers with topical and very interesting presentations. Firstly, presentations addressed a series of topics of global interest regarding studies about different food products (e.g. cow's milk, wheat bread, etc.), enzymes, fertilizers and current global issues (e.g. food alternatives, food security, etc.). Secondly, the conference organization was at a high level. The support from conference organizers was permanently"

Dr. Dimitrie Stoica
Dunarea De Jos University of Galati, Romania

“

"Thank you for your kind message. It was truly a pleasure to participate in World Congress on Nanotechnology & Nanoscience. The conference was excellently organized and ran smoothly throughout the day. The selection of speakers and the insightful topics made it a very enriching experience."

Prof. Paulo De Morais
University of Brasilia, Brazil

“

"It is my pleasure to write testimonial for the event organised by inovine conferences, the event was well planned and executed. The selection of speakers was meticulously planned and executed. All most all the speakers were delivered wonderful briefings about their area of expertise. I have enjoyed the event. Thank you for opportunity and support. Thanking you inovine once again."

Dr. Muraleedhar S. Aski
Senior scientist , ICAR-IARI New Delhi. INDIA

“

"It was nice taking part and making my presentation. Hope to be among you soon. When will be the next event?"

Dr. Abdelaziz Ghanemi
Laval University, Canada

“

"Thank you very much for giving the opportunity of participating in this remarkable conference and congratulations to the conference organizers for the success of the meeting and to all experts that shared their research experience in this conference."

Dr .José Luís Miranda Dias
National Laboratory of Civil Engineering, Portugal

“

"Thank you very much for inviting me to participate in such a prestigious event. I truly appreciate the warm hospitality and kind attention you extended to me.

It has been an enriching experience to share our work and contribute to the scientific advancement of nanotechnology on a global scale."

Ms. Anyoli Taly
Grupo Leti, Venezuela

“

"I loved the conference, it was very well organized."

Mrs. Francieli Rufino de Almeida Lima
University of São Paulo, Brazil

“

"I would like to thank you for the opportunity to present my work at this event so im-portant for a rehabilitation area"

Dr. Jose Carlos Bomfim Lima
Nove de Julho University, Brazil

ABOUT AMSTERDAM, NETHERLANDS

Amsterdam, the capital and largest city of the Netherlands, is one of Europe's most vibrant and historically significant urban centers. The city is globally renowned for its picturesque canal network, often referred to as the "Venice of the North," which is a UNESCO World Heritage Site. Amsterdam's canals, bridges, and 17th-century architecture give it a unique charm that attracts millions of visitors each year.

Although it holds the status of capital, Amsterdam is unusual compared to other world capitals: the seat of government, parliament, ministries, the Supreme Court, embassies, and even the royal family are based in The Hague. Amsterdam itself only hosts consulates and honorary diplomatic missions, underscoring its role as more of a cultural and economic hub rather than the political center of the Netherlands.

Amsterdam is also remarkable for its cultural diversity. Around 905,000 people live in the city proper, while the greater metropolitan region hosts about 2.2 million residents. People from 175 nationalities live in Amsterdam, making it one of the most multicultural cities in the world. This diversity is reflected in its neighborhoods, cuisines, festivals, and daily life.

Amsterdam is celebrated for its art, history, and culture. It houses world-famous museums such as the Rijksmuseum, the Van Gogh Museum, and the Anne Frank House, which attract millions of tourists annually. but it continues to maintain a reputation as a safe, innovative, and dynamic city. Its combination of historic charm, modern infrastructure, and international outlook makes it a leading city in Europe and the world.
